UNITED STATES SECURITIES AND EXCHANGE COMMISSION

WASHINGTON, D.C. 20549

FORM 8-K

CURRENT REPORT Pursuant to Section 13 or 15(d) of the Securities Exchange Act of 1934

Date of report (Date of earliest event reported): May 4, 2023

IDEAL POWER INC.

(Exact name of registrant as specified in Charter)

Delaware (State or other jurisdiction of 001-36216 (Commission File No.) 14-1999058 (IRS Employee Identification No.)

incorporation or organization)

5508 Highway 290 West, Suite 120 Austin, Texas, 78735 (Address of Principal Executive Offices)

512-264-1542

(Issuer Telephone number)

Check the appropriate box below if the Form 8-K filing is intended to simultaneously satisfy the filing obligation of the Registrant under any of the following provisions (see General Instruction A.2 below).

□ Written communications pursuant to Rule 425 under the Securities Act (17 CFR 230.425)

□ Soliciting material pursuant to Rule 14a-12 under the Exchange Act (17 CFR240.14a-12)

Pre-commencement communications pursuant to Rule 14d-2(b) under the Exchange Act (17 CFR 240.14d-2(b)).

□ Pre-commencement communications pursuant to Rule 13e-(c) under the Exchange Act (17 CFR 240.13(e)-4(c))

Securities registered pursuant to Section 12(b) of the Act:

Title of each class	Trading Symbol	Name of each exchange on which registered
Common Stock	IPWR	Nasdaq Capital Market

Indicate by check mark whether the registrant is an emerging growth company as defined in Rule 405 of the Securities Act of 1933 (17 CFR §230.405) or Rule 12b-2 of the Securities Exchange Act of 1934 (17 CFR §240.12b-2).

Emerging growth company \Box

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act.

ITEM 2.02 RESULTS OF OPERATIONS AND FINANCIAL CONDITION

On May 4, 2023, Ideal Power Inc. (the "Company") issued a press release announcing its financial results for the three months ended March 31, 2023. The press release is included as Exhibit 99.1 to this Current Report on Form 8-K and is incorporated by reference in its entirety into this Item 2.02. The press release contains forward-looking statements regarding the Company and includes cautionary statements identifying important factors that could cause actual results to differ materially from those anticipated.

The Company will host a conference call with investors to discuss the results. The conference call will begin at 4:30 p.m. Eastern time on Thursday, May 4, 2023. The call may be accessed in the U.S. by dialing 1-844-481-2701 and asking to be joined to the Ideal Power Inc. call. A webcast of the call may be found at https://event.choruscall.com/mediaframe/webcast.html?webcastid=fWFdNcay. The webcast replay will be available on the Company's website, www.idealpower.com.

The information furnished under this Item 2.02 of this Current Report on Form 8-K, including Exhibit 99.1, shall not be deemed to be "filed" for the purposes of Section 18 of the Securities Exchange Act of 1934 (the "Exchange Act"), as amended, or otherwise subject to the liabilities of that Section. The information in this Item 2.02, including Exhibit 99.1, shall not be deemed incorporated by reference into any filing under the Securities Act of 1933, as amended, or the Exchange Act regardless of any general incorporation language in such filing.

ITEM 9.01 FINANCIAL STATEMENTS AND EXHIBITS

Ideal Power Reports First Quarter 2023 Financial Results

AUSTIN, TX – May 4, 2023 -- Ideal Power Inc. ("Ideal Power," the "Company," "we," "us" or "our") (Nasdaq: IPWR), pioneering the development and commercialization of the highly efficient and broadly patented B-TRANTM bidirectional semiconductor power switch, reported results for its first quarter ended March 31, 2023.

"Our intense focus continues toward B-TRAN™ commercialization and we look forward to several announcements in 2023. The launch of our first commercial product in the first quarter of 2023, the <u>SymCool™ Power Module</u>, marks a pivotal development for our B-TRAN™ technology," said Dan Brdar, President and Chief Executive Officer of Ideal Power. "We believe B-TRAN™ has the potential to displace conventional power semiconductor solutions in many applications, including electric vehicles ("EV"), renewable energy, energy storage, solid-state circuit breakers and motor drives. We remain on track to achieve our 2023 milestones."

Key First Quarter and Recent Operational Highlights

- Launched our first commercial product, the <u>SymCoolTM Power Module</u>, a multi-die B-TRANTM module designed specifically to enable solid-state circuit breakers to deliver very low conduction losses.
- Added a second Forbes 2022 Global 500 leader in diverse power management markets to the roster of the B-TRANTM test and evaluation program. The Company will evaluate B-TRANTM initially for use in solid-state circuit breakers in its smart infrastructure division.
- Added a Global Tier 1 automotive supplier to the B-TRAN™ test and evaluation program for its EV inverter, bidirectional charging, and circuit protection applications. The Tier 1 supplier is a leader in vehicle electrification, EV systems, and clean mobility. This agreement builds on our custom module development with a Top 10 global automaker.
- Completed first volume shipment of packaged B-TRAN™ devices to Diversified Technologies, Inc. ("DTI"), our Naval Sea Systems Command ("NAVSEA") program collaboration partner, in preparation for a full-scale medium voltage direct current circuit breaker demonstration.
- Implemented an innovation in how we drive and control B-TRAN™. Subsequent testing demonstrated an additional 20% improvement in conduction losses, making B-TRAN™ conduction losses five times better than bidirectional circuits utilizing two IGBTs and two diodes. This improvement will be incorporated into B-TRAN™ customer kits to be delivered to test and evaluation program participants in the second half of 2023.
- Released a new Ideal Power whitepaper entitled <u>B-TRANTM Device Structure, Performance and Applications</u>. This whitepaper includes recent test results obtained utilizing our newly designed driver and double-sided cooled packaged devices. The test results match previous simulation data.
- B-TRAN™ Patent Estate: Currently at 74 issued B-TRAN™ patents with 32 of those issued outside of the United States and 22 pending B-TRAN™ patents. Current geographic coverage includes North America, China, Japan, South Korea, India and Europe.

First Quarter 2023 Financial Results

- · Grant revenue was \$664 in the first quarter of 2023 compared to \$125,008 in the first quarter of 2022.
- Operating expenses in the first quarter of 2023 were \$2.6 million compared to \$1.9 million in the first quarter of 2022.
- Net loss in the first quarter of 2023 was \$2.5 million compared to \$1.9 million in the first quarter of 2022.
- · Cash used in operating and investing activities in the first quarter of 2023 was \$1.8 million compared to \$1.4 million in the first quarter of 2022.
- · Cash and cash equivalents totaled \$14.5 million at March 31, 2023.
- Ideal Power had no long-term debt outstanding at March 31, 2023.

2023 Milestones

For 2023, the Company has set or achieved the following milestones:

- Launched first commercial product, the <u>SymCoolTM Power Module</u> in January 2023, with first commercial sales to occur later in 2023.
- · Complete Phase I of multi-year development program with top 10 global automaker in the second quarter of 2023.
- · Complete first engineering run with production fab in the second quarter of 2023.
- Deliver packaged B-TRANTMs to DTI under the NAVSEA program in the first half of 2023.
- · Introduce second commercial product, an intelligent power module, in the third quarter of 2023.
- · Deliver B-TRAN[™] samples for test and evaluation program in the second half of 2023.

Conference Call and Webcast: Q1 2023 Results

Ideal Power President and CEO Dan Brdar and CFO Tim Burns will host a conference call today, followed by a question-and-answer period.

To access the call, please use the following information:

Date:	Thursday, May 4, 2023
Time:	4:30 p.m. EST, 1:30 p.m.
Toll-free dial-in number:	844-481-2701
International dial-in number:	412-317-0657

Please call the conference telephone number 5-10 minutes before the start time to ensure proper connection. An operator will register your name and organization.

The conference call will be webcast live and available for replay on the Company's investor relations website under the Events tabHERE.

PST

An audio replay of the conference call will be available one hour after the live call until Midnight on May 18, 2023.

Toll Free Replay Number:	877-344-7529
International Replay Number:	412-317-0088
Replay ID:	5746841

About Ideal Power Inc.

Ideal Power (NASDAQ: IPWR) is pioneering the development of its broadly patented bidirectional semiconductor power switch, creating highly efficient and ecofriendly energy control solutions for electric vehicle, electric vehicle charging, renewable energy, energy storage, UPS/data center, solid-state circuit breaker and other industrial and military applications. The Company is focused on its patented Bidirectional, Bipolar Junction Transistor (B-TRANTM) semiconductor technology. B-TRANTM is a unique double-sided bidirectional AC switch able to deliver substantial performance improvements over today's conventional power semiconductors. Ideal Power believes B-TRANTM will reduce conduction and switching losses, complexity of thermal management and operating cost in medium voltage AC power switching and control circuitry. For more information, visit the Company's website at <u>www.IdealPower.com</u>, on <u>LinkedIn</u>, on <u>Twitter</u>, and on <u>Facebook</u>.

Safe Harbor Statement

All statements in this release that are not based on historical fact are "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995 and the provisions of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. While Ideal Power's management has based any forward-looking statements included in this release on its current expectations, the information on which such expectations were based may change. Such forward-looking statements include, but are not limited to, statements regarding the potential adoption of B-TRANTM by customers and the timing of the achievement of certain milestones. These forward-looking statements rely on a number of assumptions concerning future events and are subject to a number of risks, uncertainties and other factors, many of which are outside of our control that could cause actual results to materially differ from such statements. Such risks, uncertainties, and other factors include, but are not limited to, statements, our inability to predict with precision or certainty the pace and timing of development and commercialization of our B-TRANTM technology, including the timing of the completion of our wafer fabrication runs with our semiconductor fabrications partners, the rate and degree of market acceptance for our B-TRANTM, the impact of global health pandemics on our business, supply chain disruptions, and the expected performance of future products incorporating our B-TRANTM, and uncertainties set forth in our quarterly, annual and other reports filed with the Securities and Exchange Commission. Furthermore, we operate in a highly competitive and rapidly changing environment where new and unanticipated risks may arise. Accordingly, investors should not place any reliance on forward-looking statements, arequired by applicable law.
